FEDERAL HEALTHCARE

CAGE CODE: 4WAJ9 | DUNS # 806696485

Technology touches nearly every aspect of the care delivery process; missteps can cause loss of life! We work to get it right the first time and collaborate with all stakeholders: medical staff, IT professionals and administrators. Our solutions are implemented without disrupting medical operations.

We have serviced some of the largest healthcare systems in the country including thousands of clients and several thousand hospitals.

Premier is a technology lifecycle company, delivering superior supply chain solutions that can procure, warehouse, manage assets, configure, deliver, install, provide managed services, reverse logistics, depot repair and retirement of assets.
